CAPACITI

Motivated and detail-oriented IT graduate with a solid foundation in software development, data analysis, and emerging technologies such as artificial intelligence. My academic background and project experience have fueled a deep interest in building impactful digital solutions. I am particularly passionate about leveraging technology to solve real-world problems and drive innovation. With a growing portfolio of development and data-driven projects, I am eager to expand my practical experience in the tech industry and contribute to meaningful, forward-thinking initiatives.
